

Time's up

This song is for my sister's
Who are afraid of their fathers
For all girls in the street
That look down when men greet
It's for you and for me
Needs that stops these fears
Owed for too many years
It's time to scream carefree

REFRAIN

**Stop shutting up
Their right time's up
Yet please stand up
Today it's his turn to shut up**

Lyrics for movie actress
Who must suck for success
Or for that assistant
Scared by his president
It's for you and for me
Needs that stops these fears
Owed for too many years
It's time to scream carefree

REFRAIN
